

Dr. Burgess Weekly Video Address August 16, 2013

“Synopsis of Denton Town Hall”

Hello this is your Congressman Michael Burgess. We're here in the lovely sanctuary of Denton Bible Church in Denton, Texas. Just concluded a big Town Hall meeting tonight – I'm not sure what the attendance was, but they've got a lot of seats here and a lot of them were filled.

Heard a variety of concerns from constituents and citizens in the 26th district. Heard a lot of people talk about their concerns over changes in the immigration law that they are worried about, heard a lot of people talk about changes in the nation's health care system that they have heard about, and we heard a lot of people talk about problems with jobs and unemployment.

I'll tell you the one thing that I heard overwhelmingly is people are concerned with the lack of leadership in this country that exists both in the executive branch and the legislative branch. Certainly when I get back to Washington in September and talk to my leadership and my colleagues on both sides of the aisle that's one of the things, one of the discussions that certainly has to take priority.

Anyway thank you for taking the time to listen, for more information on this and other issues before the United States Congress please visit my website at burgess.house.gov. May God bless you and your family and as always, may God bless Texas.
