Re: MB Docket No. 10-56

Dear Mr. Chairman:

We are pleased to note that you have circulated to your colleagues an order on the Comcast-NBC Universal transaction. More than a year after Comcast and General Electric announced their intentions, and after nearly 11 months of detailed review, we understand that the draft order concludes that, based on all the filings, the joint venture will promote competition, investment, localism, diversity and innovation, and is in the public interest. Accordingly, we encourage you and your fellow Commissioners to complete your agency's review without further delay, and we hope this review would result in a bipartisan outcome.

No one can question the extensive and comprehensive examination this transaction has received. In addition to six Congressional hearings, the FCC's regulatory process has provided unprecedented opportunities for public participation. As the Commission itself has noted, the Comcast-NBCU transaction had the lengthiest formal pleading cycle that it has ever set for any similar transaction. Every stakeholder has had every opportunity to be heard.

Any further delay in your agency's review process, and any further efforts to laden the transaction with formal regulatory requirements, could undermine much needed jobs and investment.

We appreciate your prompt action to complete your agency's review

Sincerely,

Charles W. Dent  
Member of Congress

Michael Doyle  
Member of Congress
